## Scene 2: The Product Reveal

- Visual: Close-up of the sleek smart water bottle with a glowing LED ring.
- Text: "Meet AquaSmart your personal hydration companion.

Scene 1: Introduction to the Problem
• Visual: A busy college student (like
Saurav!) studying late at night, surrounded by
books and a laptop. The water bottle is empty,
and he looks tired.

• Text: "Ever forget to drink water during long study sessions?"

## Scene 3: The Notification Feature

- Visual: The LED ring on the bottle pulses gently. A notification pops up on the student's phone.
- Text: "Time to hydrate!
   AquaSmart glows and sends reminders to your phone."

Storyboard for Smart Water Bottle

Scene 4: Tracking Hydration

- Visual: A mobile app showing the student's daily water intake with charts and progress bars.
- Text: "Track your water intake and set hydration goals with the AquaSmart app."

Scene 6: Call to Action
 Visual: The AquaSmart bottle and app displayed on a clean, modern desk.
 Text: "Drink smarter. Live better. Get your AquaSmart

today!"

Scene 5: Healthy Routine
Established

• Visual: The student looking energized and focused, drinking water while studying, with the bottle glowing faintly.

• Text: "Stay refreshed, stay productive!"
